CHRISTINA KIM

ARCHITECT
FOUNDER OF HARMONY ARCHITECTURE

"*Design playful learning space*"

For Primary, secondary schools
as well as tertiary institutions

WHO AM I?

As an architect and a director of Melinz Kim & Associates Architects, I have supervised nearly 1000 projects over 30 years, ranging from $300,000 to $10 million for large government and commercial organizations, such as Siemens, Department of Education & TAFE NSW.

WE ARE BEST KNOWN FOR

Holistic Approach to design

People's Wellness & Connectivity

High Performance focused

CONCEPT

COMPLETE DESIGN CONCEPT

When your school environment aligns with an authentic concept, children will bring their full commitment, creativity and motivation to learn each day.

Collaborative & involved Culture

Create vision together

9 ZONES

GO ZONE

There are nine principles of good work design, each addressing physical, emotional, mental & spiritual needs of children.

With the right design, your zones will ‘flow’ and transform your school environment into a highly creative destination.

9 ZONES

FOCUS | MEET | BREAKOUT

COLLABORATE | FLEXIBLE | RECHARGE

CIRCULATE | RESOURCE | OUTDOOR

4 Step Method

"Designing high performance workspaces people love to show up to"

COMFORT & AESTHETICS

FEELS LIKE HOME

With the right approach to workspace design, your employees won't have to feel like they need to rush home to unwind.

Harmonious surroundings reduce stress levels, creating a more productive environment that people love to show up to

Consider

Solutions

A recent study says

"human happiness has a large & positive impact on productivity"

Positive emotions invigorate on Productivity

INVOLVED & INTERESTED

CREATIVE & PLAYFUL ENVIRONMENT

FOCUSED ON WELLNESS

healthy, playful and high performance learning spaces

Big Vision

Better designed, creative learning environments stimulate all five senses in the hearts, minds and souls of people who learn there.

They are inspired to engage with creativity. Schools can retain, energise and grow both staff and students.

It motivates students to be happier & creative people.

TALK TO OUR TEAM

ABOUT HOW YOUR LEARNING SPACE CAN BECOME MORE INNOVATIVE

1. Make a **list** of where you want to improve

2. Make an appointment for **Initial consultation** by phone.

3. Engage us for **a pre-design session** to assess your space - **design brief & conceptual design**.
